MEMORANDUM FOR THE STAFF

FROM: J. LEE RANKIN

J. L. R.

Re: Security checks

The Guards have been picking up considerable material each evening which indicates a laxness on the part of our Staff in protecting the security of our Report. Because of some of the releases of information which have not been made by the Commission or the Staff but have resulted in unfavorable comment, it is most important that we not only observe all security requirements but also that we appear to be as interested in that aspect as any other regarding our Report.

Please use special care to see that the Guards find no more material which has not been properly handled, and also that all safes are carefully locked at the close of the working day.
